

WTC | 3 NEWS & UPDATES

Topped-Out on Time

Plate signing ceremony by BOD and BOC of Jakarta Land

The signed plate was pulled by the crane and placed at the level 44th of the WTC 3 building

A major milestone was reached on 12th April 2017 when the WTC 3 tower was topped-out with a ceremony that cemented in place a plaque at the very top of the 42-storey tower. Since construction began in late 2013, the 73,000 square metres sky-scraper remains **on time**, **on budget** and **on course for delivery in early 2018**.

Green is Good

WTC 3 accredited its Gold certification from the rigorous BCA Green Mark rating scheme in Singapore. This award recognises the efforts made by our developers to design and construct a green, sustainable building which is more climatic responsive, energy effective and resource efficient. As a smart building, WTC 3 will promote a healthier indoor environment for its future occupants.

The Building and Construction Authority (BCA) is an agency under the Ministry of National Development, championing the development of an excellent built environment for Singapore.
